"The past few years have exposed a gap between the haves and the have-nots when it comes to issues like quality education, economic opportunity, and equity. State and local elections have a profound impact on these issues and so much more. That's why voting is one of the most important ways to elevate our voices on the issues which matter most. It's because of that impact that Stand for Children IL PAC is pleased to support a group of education champions for the General Assembly. They reflect the rich fabric of the Prairie State and stand up for the children of Illinois," said Mimi Rodman, Chairperson of the PAC.

For the 2022 Primary Election, only candidates in contested races were eligible for consideration for endorsement by Stand for Children IL PAC.

Stand for Children is a unique catalyst for education equity and racial justice, to create a brighter future for us all. We fight for change from the family to the federal level.
