

Teachers, we want to hear from you!

Stand for Children Colorado, a nonprofit education organization, is hosting a series of listening sessions across the state to hear from teachers about the impact of the Colorado READ Act on their classrooms. Information from these sessions will help us advocate for positive policy changes.

We would love your participation in one of our literacy listening sessions! The perspectives of different stakeholders are invaluable in creating effective policies to support students. Please attend any of our scheduled sessions and share with your network of educators.

SALIDA

Since its adoption in 2012, Stand for Children has been a supporter of the Colorado READ Act. We know how important it is for students to read proficiently by the end of 3rd grade. So we're working to ensure that the READ Act is being implemented effectively and that teachers and parents have the support they need in order to meet their students' literacy needs.
