“As Illinois schools and communities continue emerging from the pandemic and voters look to elected officials for thoughtful solutions, increasingly they have looked to Springfield for leadership on myriad issues, including education equity and racial justice. It’s because of that leadership that state-level races are so important and why Stand for Children IL PAC is supporting these education champions for seats in the General Assembly,” said Mimi Rodman, Chairperson of the PAC.

For the 2022 General Election, only candidates in contested races were eligible for consideration for endorsement by Stand for Children IL PAC.

Stand for Children is a unique catalyst for education equity and racial justice, to create a brighter future for us all. We fight for change from the family to the federal level.
